

A SUMMER CONFERENCE THAT EVEN YOUR BUSINESS OFFICE COULD LOVE

As airfares soar and the cost of meals and accommodations inflate, sending a teacher to a conference that might add up to \$1300 a week doesn't help a school's already tight budget. But there *is* one innovative solution to this fiscal quandary: the Online Summer Conferences.

The Online Conferences for Grades 1 - 8 are the most affordable of all teacher conferences. We offer between 25 to 45 hours of practical and stimulating audio and visual content for only \$250 to \$350. And teachers choose the 14 days in which to take it all in. No airfare, no meals, no accommodations. Our rock-bottom fees might lead your school's bottom line back into the black. Learn more about us at: www.essentialwaldorf.com/2015links.html
